GRAZE BOXES

A fabulous way to start the celebrations! We provide a stylish, curated, grazing experience delivered to you on your wedding venue. An ideal light meal replacement.

Our chefs will prepare the pizzas and cook them in electric oven in the venue kitchen on the spot. After that our waiters will serve the pizzas or pasta on a buffet station.

Can't say "I do" without a BBQ. Barbecue is a great choice for your pre or post wedding reception. An informal moment to celebrate with your friends.

THE **INFORMAL** DAY

Are you looking for something typical and informal to welcome your guests upon their arrival or to say goodbye and thank them for being there for you?

Another day. Another event. Same quality.

We can arrange them in the same venue or in another location, with different setup and menus.

Ask us more information for the informal side of your destination wedding.
